

Waterworks Certification Training: Sampling & Operation and Maintenance Regulations
March 4, 2025 ~ WRWA Technology Center – 351 Water Way, Plover, WI 54467
 (6 Municipal Waterworks Credits)

This training course will help prepare new operators to become licensed and will also help as a great refresher for experienced operators.

8:00 – 11:00 ~ **Sampling** ~ Attending this class will give you the best chance of getting accurate water sampling results. We will go over the requirements of the Bacteriological, Lead & Copper Rules, and explain the importance of proper sampling sites and techniques for required monitoring. They include Bacteriological, Lead and Copper, Inorganics, Volatile organics, RAD sampling, and Disinfection Byproducts.

Session Instructor: TBD

11:00 – 12:00 ~ **Lunch** (on your own)

12:00 – 3:00 ~ **Operation and Maintenance Regulations** ~ Regulations from various agencies and levels of government can be confusing and pose a challenge to the success of a water utility if they are not fully understood. Instructors will address the origin of the regulations and give overviews of regulations that water utility operators deal with every day.

Course Instructor: Staff – *Wisconsin Rural Water Association*
